

Ice Qube, Inc's Proposition 65 Statement

Dear Valued Customer,

California's Safe Drinking Water and Toxic Enforcement Act of 1986 (known as "Prop 65"), seeks to ensure that individuals in California are informed about exposure to chemicals known by the State to cause cancer and/or reproductive harm. To comply, businesses are required to provide a clear and reasonable warning before exposing anyone to a listed chemical. In late 2016, the State of California amended the warning language and methods that are deemed "clear and reasonable" under the statute (i.e., that provide a "safe harbor" from enforcement). These amendments became effective on August 30, 2018.

Ice Qube values our relationship with you. This letter serves as notice that certain products may result in exposure to a Prop 65 chemical. We have determined that such products shall carry a clear and reasonable warning.
