

## Declaration of Conformity Toxic Substance Control act (TSCA)

The Toxic Substances Control Act of 1976 provides EPA with authority to require reporting, record-keeping and testing requirements, and restrictions relating to chemical substances and/or mixtures for manufacturing or importing. TSCA addresses the production, importation, use, and disposal of specific chemicals.

The Toxic Substance Control Act does not apply to finished goods or parts, nor does the TSCA apply to the items that Ice Qube, Inc. manufactures and sells. Therefore, we are not subject to the reporting requirements of the CDR regulation.

Ice Qube, Inc. assures its customers that everything reasonably possible is being done to maintain compliance with all environmental standards. Controls are in place to help ensure that our products remain compliant.

Sincerely,

Scott Palmer  
General Manager  
Ice Qube, Inc.
